HIGHER POWER OF LOVE

INTRO

When the Universe was created
The first thing created was love
to give, to share outside ourselves
A special gift from above

I want to give you that love
Deep inside your soul
To cherish and hold on to
Dry the tears, make you whole

(CHORUS)

Higher power of Love
Higher power of Love
Higher power of Love
Higher power of Love

When I'm all Alone feeling down
I want A woman like you
To hold you tight, make things right
Lift you up and take flight

So don't be scared and a fool
In life there there is one rule
If you get that chance, embrace romance
Jump into love, I'll catch you.

(CHORUS)

Higher power of Love
Higher power of Love
Higher power of Love
Higher power of Love
